EQUIPMENT ALLOWANCES

At the start of each season each squad should have the following:

Item	Mini soccer	Older teams
Training balls	1 per player plus 4	1 per player plus 6
Match balls	None	2
Ball bags (holds 12 balls)	1	2
Cones	At least 30 in a variety of colours	
Bibs	5 x 4 colours	7 x 4 colours
First Aid Kit	1	1

If the manager wants it squads may also have:

Tall cones	6
Flat markers	18
Match day ball bag (holds 5 balls)	1
Slalom poles	6
Small pop up goals (1m x 1m)	4

Requests for other equipment will be considered sympathetically by the Committee. If expensive additional equipment is requested (for example large pop up goals) the Committee will expect it to be shared by more than one squad and used in more than one session a week.

All equipment remains the property of the club. Managers are expected to use their equipment for several seasons although reasonable losses and wear and tear will be covered by the club. When a team changes ball size, all their balls will be replaced, otherwise equipment will only be replaced as necessary. Unused equipment should be returned to the club for others to use. Only equipment sourced from the Club should be used in club events including matches and training.
